Researchgate index (01/09/2016; https://www.researchgate.net/profile/Luis_Montero): 36.53

General Education:

- Columbus School, Havana, 1950-52
- Colegio De La Salle (Vedado), Havana, 1952-61
- Instituto Preuniversitario de La Habana "José Martí", Havana, 1962-63

Higher and Postgraduate Education:

- Universidad de La Habana, Facultad de Ciencias, 1963-68, Licenciado en Química. Thesis: "*Espectros electrónicos de compuestos furánicos en soluciones diluidas congeladas*", with Y.I. Kozlov, Karpov Institute of Physical Chemistry (Moscow) - Instituto Cubano de Investigaciones sobre los Derivados de la Caña de Azúcar (La Habana).
- Technische Universität Dresden, Dresden, Germany, 1978-80, Dr. rer. nat. Thesis: "*Unified Approach to the Orbital Resonance Integrals in the Zero Differential Overlap Molecular Orbital Approximation*" with J. Fabian.
- Universidad de La Habana, 2012, Doctor in Sciences, Thesis: "*Imaginación asistida del nanomundo desde Cuba*"

Special and Graduate Education:

- Spectroscopy and Physical Methods in Chemistry, Prof. V. Mastryukov, Universidad de La Habana, Havana, 1966
- French Language, Escuela "Abraham Lincoln", Havana, 1967-71
- Spectroscopic Methods for Natural Products, Prof. J. Elguero, et al., National Center for Scientific Research (CNIC), Havana, 1969 (by French lecturers)
- Quantum Chemistry, Profs. J. Fabian, A. Mehlhorn, CNIC, Havana, 1970 (by lecturers from Germany)
- Linear Algebra, Prof. A. González, CNIC, Havana, 1969-70
- Quantum Mechanics, Prof. E. Entrialgo, Universidad de La Habana, Havana, 1971 (undergraduate course for physicists)
- Advanced English Language, Prof. M. Moore, CNIC, Havana, 1974
- Marxist Philosophy, Prof. G.J. García Galló, CNIC, Havana, 1974-75
- German Language, Escuela "Ramos Latour", Universidad de La Habana, Havana, 1986-88

Awards:

- *The Best Graduate in Sciences, Havana, 1968*
- *Medal for Teaching to Illiterates in 1961, Havana, 1986*
- *Medal "Rafael María de Mendive" for 25 Years in Education, Havana, 1989*
- *Medal to Cuban Education, Havana, 1991*
- *Medal "José Tey" for performance in Cuban education, Havana, 1995*
- *Outstanding work in the 11th National Forum for Science and Technology, Havana, 1996.*
- *Award to the best work applied to Higher Education in 1996, Universidad de La Habana, Havana, 1997.*
- *Award to the best work applied to Higher Education in 1996, Ministry of Higher Education of Cuba, Havana, 1997.*
- *"Outstanding Worker" in 1996 of the National Trade Union of Scientific Workers, Havana, 1997.*
- *"Outstanding Worker" in 1997 of the National Trade Union of Education, Havana, 1998.*
- *Award of the Ministry of Higher Education in 1997, Ministry of Higher Education of Cuba, Havana, 1997.*
- *Prize of the Academy of Sciences of Cuba in 1997 for a work on programs of computational chemistry in personal computers, Havana, 1998.*
- *Medal for the 270th Anniversary of the University of Havana, Havana, 1998.*
- *Honor Degree "Carlos J. Finlay" for Science, Council of State, Havana, 1999.*
- *"Outstanding Worker" in 1998 of the National Trade Union of Scientific Workers, Havana, 1999.*
- *"Outstanding Worker" in 1999 of the National Trade Union of Education, Havana, 2000.*
- *Prize of the Academy of Sciences of Cuba in 2000 for a work on computational simulations of zeolites (shared), Havana, 2001.*
- *Honor Degree "Frank Pais" (2nd. Degree) for Education, Council of State, Havana, 2000.*
- *Medal for Labor Deed, Council of State, Havana, 2002.*
- *Prize of the Academy of Sciences of Cuba in 2005 for a work on theoretical modeling of flavonoids (shared), Havana, 2006.*
- *"Premio Anual de la Salud" to the scientific article, Ministerio de Salud Pública, Havana, 2006*
- *Medal for the 280th Anniversary of the University of Havana, Havana, 2008.*
- *Award to the best results in the University of Havana on International Postgraduate Education in 2007-09, Havana, 2008.*
- *Award to the best results in Postgraduate Education in 2007-09, Ministry of Higher Education of Cuba, Havana, 2009.*
- *Distinción Universidad de La Habana por el Conjunto de la Obra Científica, Havana, 2009*
- *Selected among the "Educadores Destacados del Siglo XX" by the Asociación de Pedagogos de Cuba, Havana, 2009.*
- *Prize of the Academy of Sciences of Cuba in 2011 on "Modelación Teórica de Brasinoesteroides y sus Análogos", with Dr. Cercis Morera Boado, coauthor, Havana, 2012.*
- *Honor Degree "Frank Pais" (1st. Degree) for Education, Council of State, Havana, 2012.*
- *Prize of the Academy of Sciences of Cuba in 2012 on "Modelación computacional de absorción de luz por sistemas nanoscópicos", with Dr. Ana Lilian Montero Alejo, coauthor, Havana, 2013.*
- *Special Prize for Scientific Relevance of the Cuban Ministry of Science, Technology and Environment, coauthor, Havana, 2013.*
- *Profesor Tiza de Oro, Federación Estudiantil Universitaria, Facultad de Química, Universidad de La Habana, Havana, 2013*
- *Award for Dr. Sc. Thesis Dissertation, National Commission of Scientific Degrees, Havana, 2014.*
- *Emeritus Professor, Universidad de La Habana, Havana, 2015*

Scientific Research and Higher Education Teaching Themes:

- *Cellulose Derivative Preparations (research), 1966-67, Universidad de La Habana-Instituto Cubano de Investigaciones sobre los Derivados de la Caña de Azúcar, dir: Jorge Lodos.*
- *Photophysics and Photochemistry of Organic Molecules (research), 1967-72, Universidad de la Habana-Centro*

- Nacional de Investigaciones Científicas, dir: Yuri Kozlov, Egon Fanghänel, Luis Montero.
- *Molecular Spectroscopy* (teaching and research), 1969-1979, Universidad de la Habana-Centro Nacional de Investigaciones Científicas, dir: Luis Montero.
 - *Theoretical Chemistry* (teaching and research), 1970-, Centro Nacional de Investigaciones Científicas-Universidad de La Habana-Academia de Ciencias de Cuba, dir: Luis Montero.
 - *Applications of Molecular Modeling to Biological Problems and Theoretical QSAR* (research), 1981-, Academia de Ciencias de Cuba - Universidad de La Habana, dir: Luis Montero.
 - *Science Policy* (research), 1970-1982, Ministerios de Educación y de Educación Superior, dir.: Luis Montero.
 - *Statistical Thermodynamics* (teaching), 1979-1992, Universidad de La Habana.
 - *Quantum Chemistry* (teaching and research), 1982-, Universidad de La Habana.
 - *Computer Sciences* (teaching), 1986-, Universidad de La Habana.
 - *FORTRAN and BASIC programming* (teaching and research), 1970-, Universidad de La Habana-Centro Nacional de Investigaciones Científicas, dir: Luis Montero.
 - *Linux operating system* (teaching and research on applications), 1994-, Universidad de La Habana, dir. Luis Montero
 - Bioinformatics: molecular modeling of biological processes, 2001 -, Universidad de La Habana, dir. Luis Montero.

Guided Doctorate Degrees:

1. Dr. Chemical Sciences, **Juan Raúl Álvarez - Idaboy**, *Theoretical Model of Electrophilic Substitution in Furan Compounds*, Universidad de La Habana, Facultad de Química, La Habana, Cuba, 1991.
2. Dr. Chemical Sciences, **Luis René Sierra - Medina**, *Theoretical Model of Zeolite Structure and Reactions*, Universidad de La Habana, Facultad de Química, La Habana, Cuba, 1995.
3. Dr. Physical Sciences, **Mario Piris - Silvera**, *An Application of the Bardeen - Cooper - Schrieffer Approach to Electron Correlation in Molecules*, Center for Nuclear Applications and Development, La Habana, Cuba, 1997.
4. Dr. Chemical Sciences, **Ernesto Estrada - Roger**, *Study about New Graph-Theoretical Models for Molecular Design in Organic Chemistry*, Universidad Central de Las Villas, Centro de Bioactivos Químicos, Santa Clara, Cuba, 1997.
5. Dr. Physical Sciences, **Ángel Rabel Ruiz - Salvador**, *Methodologies for Computational Studies of Zeolites*, Instituto de Materiales y Reactivos, La Habana, Cuba, 1999.
6. Dr. Chemical Sciences, **Giselle Rosquete - Pina**, *Effects of the Molecular Environment on UV-Visible Spectra and the Electronic Structure of Polymethine Systems*, Universidad de La Habana, Facultad de Química, La Habana, Cuba, 2000.
7. Dr. Chemical Sciences, **Annia Galano - Jiménez**, *Modeling of Chemical Systems by Different Quantum Mechanical Methods*, Universidad de La Habana, Facultad de Química, La Habana, Cuba, 2000.
8. Dr. Chemical Sciences, **Anabel Lam - Barandela**, *Theoretical Modeling of Zeolite Materials and Reactions*, Universidad

de La Habana, Instituto de Materiales y Reactivos, La Habana, Cuba, 2001.

9. Dr. Chemical Sciences, **Ramón Carrasco - Velar**, *New Atomic and Molecular Descriptors for Activity – Structure Studies. Applications*. Centro de Química Farmacéutica, La Habana, Cuba 2003.
10. Dr. Chemical Sciences, **Edelsys Codorniu - Hernández**, *Theoretical models on condensation and reactivity of flavanol type flavonoids in different molecular environments*, Universidad de La Habana, Facultad de Química, La Habana, Cuba, 2005.
11. Dr. Chemical Sciences, **Yovani Marrero - Ponce**, *Molecular quadratic indexes: applications to molecular design in QSAR studies*, Universidad de La Habana, Facultad de Química, La Habana, Cuba, 2005.
12. Doktor Naturwissenschaften, **Elsa Sánchez - García**, *Computational Study of Weakly Interacting Complexes*, Ruhr-Universität Bochum, Fakultät für Chemie, Bochum, Germany, 2006.
13. Dr. Chemical Sciences, **Miguel Ángel Sirés - Mitjans**, *Effect of core electron polarization on semiempirical calculations of molecular properties*, Universidad de Cádiz, Cádiz, España, 2006.
14. Dr. Chemical Sciences, **Yoanna María Álvarez Ginarte**, *In silico procedure for obtaining QSAR models of anabolic and androgenic steroids*, Universidad de La Habana, Facultad de Química, La Habana, Cuba, 2008.
15. Dr. Chemical Sciences, **Alexis Otero Calvi**, *Modelos teóricos de la estructura molecular y propiedades electrónicas de compuestos para la separación tecnológica de níquel y cobalto con ácidos fosfínicos*, Universidad de La Habana, Facultad de Química, La Habana, Cuba, 2009.
16. Dr. Chemical Sciences, **Rachel Crespo Otero**, *Modelos teóricos de la interacción del óxido nítrico con moléculas de capa cerrada*, Universidad de La Habana, Facultad de Química, La Habana, Cuba, 2009.
17. Dr. Chemical Sciences, **Yoana Pérez Badell**, *Modelación teórica de procesos asociados a la síntesis de zeolitas y oxidación de olefinas dentro de sus cavidades*, Universidad de La Habana, Facultad de Química, La Habana, Cuba, 2010.
18. Dr. Chemical Sciences, **Cercis Morera Boado**, *Modelación teórica de los brasinoesteroides y sus interacciones moleculares*, Universidad de La Habana, Facultad de Química, La Habana, Cuba, 2010.
19. Dr. Chemical Sciences, **Ana Lilian Montero Alejo**, *Nuevas aproximaciones CNDOL para describir las excitaciones electrónicas de nanosistemas*, Universidad de La Habana, Facultad de Química, La Habana, Cuba, 2011.
20. Doctor en Ciencias Médicas, **Errix Wiliam Hernández Rodríguez**, *Modelación Molecular de Rodopsinas Humanas Mutantes asociadas a Retinosis Pigmentaria*, Universidad de Ciencias Médicas de La Habana, Instituto de Ciencias Básicas y Preclínicas “Victoria de Girón”, La Habana, Cuba, 2013.
21. Doctor en Ciencias Químicas, **Germán Miguel Pérez Quintana**, *Desarrollo de metodologías computacionales para el descubrimiento de nuevos receptores peptídicos*, Universidad de La Habana, La Habana, Cuba, 2015.
22. Doctor en Ciencias Químicas, **Ramón Alaín Miranda Quintana**, *Estudios de reactividad química a partir de la teoría del funcional de la densidad conceptual*, Universidad de La Habana, La Habana, Cuba, 2016

Doctorate students:

- Marcia Bustamante, Universidad de La Habana, 2002

- Susana González-Santana, Universidad de La Habana, La Habana, 2006
- Marco Martínez González, Universidad de La Habana, La Habana, 2015
- Carlos Manuel de Armas Morejón, Universidad de La Habana, La Habana, 2016
- Gabriela Sánchez Díaz, Universidad de La Habana, La Habana, 2016
- David Hernández Castillo, Universidad de La Habana, 2017
- Roy González Alemán, Universidad de La Habana, 2017

Labor:

- Escuela Secundaria Básica "Carlos J. Finlay", Havana, 1963-64, Teacher of Physics.
- Facultad Preparatoria, Universidad de La Habana, Havana, 1965-66, Teacher of General Chemistry
- Facultad de Ciencias, Universidad de La Habana, Havana, 1966-67, non graduate instructor in Inorganic Chemistry
- Facultad de Ciencias, Universidad de La Habana, Havana, 1967-68, non graduate instructor in Physical Chemistry
- Ministry of Education, Havana, 1969-76, Advisor in Science Policy for Higher Education
- Facultad de Ciencias, Universidad de La Habana, Havana, 1969-77, Teacher in Physical Chemistry
- Ministry of Higher Education, Havana, 1976-82, Advisor in Science Policy for Higher Education
- Facultad de Química, Universidad de La Habana, Havana, 1977-83, Associate Professor in Physical Chemistry
- Academia de Ciencias de Cuba, Institute of Chemistry, Havana, 1983-1986, Vice Chairman of Institute, Full Researcher
- Facultad de Química, Universidad de La Habana, Havana, 1983-, Full Professor in Physical Chemistry
- Department of Chemistry and Chemical Biology, Harvard University, Cambridge, Massachusetts, USA, 2012, 2014, Visiting Professor
- Department of Chemistry and Chemical Biology, Johns Hopkins University, Baltimore, Maryland, USA, 2016, Visiting Professor

Cuban National Scientific Duties:

- Advisor on Research Policy and Postgraduate Education, Ministry of Education, 1969-76
- Secretary of the National Council of Science Policy in Higher Education, 1972-76
- Member of the National Commission for Science Degrees, 1973-75
- Advisor in the Department of Research Policy in the Ministry of Higher Education, 1976-1978.
- Chairman of the Department of Research Policy in the Ministry of Higher Education, 1978-1982.
- Secretary of the Central Commission for Scientific Categories in the Ministry of Higher Education, 1976-82
- Vice Chairman for Research, Institute of Chemistry and Experimental Biology of the Cuban Academy of Sciences, 1983 - 1986.
- Founder Member, 1978, Executive Secretary, 1978 - 1985, and Deputy Chairman of the *Cuban Chemical Society*, 1985-1996.
- Secretary of the Court for Higher Research Categories in Natural Sciences, Cuban Academy of Sciences, 1983-89
- Chairman of the *Laboratory of Computational and Theoretical Chemistry*, Faculty of Chemistry, Universidad de La Habana, 1986-
- Referee in "Revista Cubana de Química" (1986-), and "Revista CNIC de Ciencias Químicas" (1977-)
- Chairman in the Expertise Committee of the National Project in "Computational Models in Chemistry and Biology" (1986-90)
- Chairman of the National Commission of "Mathematical Methods in Chemistry", for designing the new study plans in Chemistry, 1988-2004
- Member of the court for the National Award for Science and Technology Book (1990)
- Member of the Scientific Council of the Faculty of Chemistry, University of Havana, 1990-
- Chairman of the Expertise Committee of the National Project in Natural Sciences "Molecular Design" (1991-1992)
- Member of the *Cuban Physical Society*, 1991-
- Chairman of the court for the National Award for Science and Technology Book (1992)

- Chairman of the Scientific Council of the Faculty of Chemistry, University of Havana, 1995-2004
- Member, 1986 - 1996, and Chairman of the Court for Higher Research Categories in the University of Havana, 1997 - 2005
- Member of the Court for Higher Educational Categories in the Higher Institute for Nuclear Sciences and Technology, 1997
- Member of the National Commission for Basic Sciences, Agency for Science and Technology, Havana, 1998 – 99
- Coordinator for Chemistry in the National Commission for Basic Sciences, Ministry of Science, Technology and Environment, Havana, 2001 - 02
- Member of the National Commission for Bioinformatics, Ministry of Science, Technology and Environment, Havana, 2001 – 02
- Chairman of the *Virtual Center of Bioinformatics*, Universidad de La Habana, Havana, 2001 –
- Member of the Scientific Council of the “Universidad de Ciencias de la Información”, Havana, 2003
- Chairman of the National Commission of "Mathematical and Computer Sciences in Chemistry", for designing the new study plans in Chemistry, 2004-
- Member of the Scientific Council of the Universidad de La Habana, Havana, 2004 –
- Member of the permanent court for doctorate degrees of Chemistry, 2004-
- Chairman of the Scientific Council of the Universidad de La Habana, Havana, 2005 –
- Member of the Cuban scientific and educational delegation to Switzerland, Havana, 2006.
- Academician, Academia de Ciencias de Cuba, Havana, 2006.
- Member of the Advising Technical Council of the Ministry of Higher Education, Havana, 2008 -
- Vicepresident, Cuban Chemical Society, Havana, 2009 -2012
- Member of the National Commission for Improving the Academia de Ciencias de Cuba, Havana, 2010
- President of the Cuban Chemical Society, Havana, 2012-
- Coordinator of the Section of Natural and Exact Sciences of the Cuban Academy of Sciences, Havana, 2012-
- Coordinator of the Academic Committee of the Collaborative Curricular Doctoral Program on Bioinformatics, Universidad de La Habana, Havana, 2013-
- Member of the experts committee of the National Program of Basic Sciences, Universidad de La Habana, Havana, 2013-
- Member of the expert team for the "Propuesta de bases organizativas para la realización de experimentos a favor de la inserción de los resultados de la ciencia e innovación tecnológica en las entidades del MES, en el desarrollo económico y social del país”, MES, May, 2013.
- Writer of opinion articles on science, technology, innovation and science policy in Cubadebate, 2015 - (<http://www.cubadebate.cu/autor/luis-a-montero-cabrera/>)

International Scientific Duties:

- Member of the International Editorial Board of the Journal *Sovremennaya Visshaia Shkola* (Contemporary Higher Education), Warsaw, 1974-78
- Member of the International Expert Group on Science Policy in Higher Education, Berlin, 1976-1982
- Cuban representative in the expertise committee of the international project *Quantum Chemistry* (1986-90).
- Visiting Researcher in the *Sektion Chemie*, Technische Universität Dresden, Dresden, Germany, 1986.
- Representative of the *World Association of Theoretical Organic Chemists* for Central America and the Caribbean Basin, 1988-1993.
- Visiting Professor in the *Institute of Inorganic Chemistry*, University of Milano, Milano, Italy, 1989.
- Referee of the *Journal of Molecular Structure (THEOCHEM)*, 1990-
- Member of the *American Chemical Society*, 1991-1995
- Visiting Researcher in the *Laboratoire de Dynamique des Interactions Moleculaires (CNRS)*, Université Pierre et Marie Curie, Paris, France, 1991.
- Visiting Researcher in the *Dep. of Quantum Chemistry*, Uppsala University, Uppsala, Sweden, 1991.

- Referee of *Folia Chimica Theoretica Latina*, 1992-
- Visiting Researcher in the *Instituto de Estructura de la Materia*, CSIC, Madrid, Spain, 1992-93.
- Referee of the *International Journal of Quantum Chemistry*, 1993-
- Referee of *The Journal of the American Chemical Society*, 1995-
- Cuban Director of the project *Theoretical Chemistry in Low Cost Computers: Creation and Education* by the Swedish Agency for Research Cooperation with Developing Countries, 1991-1994.
- Visiting Professor in the Universidad Nacional de Colombia in Bogota, Bogota, Colombia, 1994.
- Invited member to the jury for a doctorate thesis dissertation of Dr. Antonio González in the Universidad de Las Palmas de Gran Canaria, Dep. of Physics, Spain 1994.
- Chairman of the UNESCO Chair Project in the Iberoamerican Laboratory of Computational Chemistry and Molecular Design, Havana, Cuba, and Madrid, Spain, 1994
- Member of the Academy of Sciences of New York, New York, USA, 1994.
- Visiting Researcher in the *Laboratoire de Dynamique des Interactions Moleculaires (CNRS)*, Université Pierre et Marie Curie, Paris, France, 1994.
- Visiting Professor in the *Institut für Organische Chemie*, Technische Universität Dresden, Dresden, Germany, 1995.
- Invited member to the jury for a doctorate thesis dissertation of Dr. Flor M. Poveda, in the Universidad Nacional de Colombia, Bogota, Dep. of Chemistry, Colombia, 1995.
- Visiting Researcher in the *Instituto de Estructura de la Materia*, CSIC, Madrid, Spain, 1995.
- Visiting Professor in the Dep. of Applied Physical Chemistry, Universidad Autónoma de Madrid, Madrid, Spain, 1995.
- Visiting Professor in the Department of Chemistry, Cornell University, Ithaca, NY, USA, 1996.
- Visiting Researcher in the Center for Theoretical Studies of Physical Systems, Clark Atlanta University, Atlanta, GA, USA, 1996 -.
- Visiting Researcher in the *Grupo de Modelización y Diseño Molecular*, Universidad de Granada, Granada, Spain, 1996.
- Visiting Researcher in the *The Royal Institution of Great Britain*, London, UK, 1996.
- Referee of the *Journal of Physical Chemistry*, 1995-
- Visiting Professor in the *Lehrstuhl Theoretische Chemie*, Friedrich-Alexander Universität, Erlangen - Nürnberg, Germany, 1997.
- Visiting Researcher in the *Dep. of Physical Chemistry*, Universidad de Santiago de Compostela, Santiago de Compostela, Spain, 1997.
- Visiting Professor in the Universidad Nacional de Colombia in Medellín, Medellín, Colombia, 1997.
- Visiting Professor in the Department of Chemistry, University of Arkansas, Fayetteville, AR, USA, 1998.
- Visiting Professor in the Department of Chemistry, Cornell University, Ithaca, NY, USA, 1998.
- Associate Researcher in the Center for Theoretical Studies of Physical Systems, Clark Atlanta University, Atlanta, GA, USA, 1998 -.
- Visiting Researcher in the Facultad de Ciencias de la Computación, Benemérita Universidad Autónoma de Puebla, Puebla, México, 1998.
- Member of the editorial board of *Folia Chimica Theoretica Latina*, Madrid, Spain, 1998-2003
- Visiting Professor in the *Institut für Organische Chemie*, Technische Universität Dresden, Dresden, Germany, 1999.
- Visiting Researcher in the *Max Planck Institut für Strahlenchemie*, Mülheim, Germany, 1999.
- Invited Professor in the *Institut für Organische Chemie*, Ruhr Universität, Bochum, Germany, 1999.
- Invited Professor in the *Institut für Anorganische Chemie*, Universität Münster, Münster, Germany, 1999.
- Invited Professor in the *Institut für Organische Chemie*, Universität Bremen, Bremen, Germany, 1999.
- Visiting Professor in the *Lehrstuhl Theoretische Chemie*, Friedrich-Alexander Universität, Erlangen - Nürnberg, Germany, 1999.
- Visiting Researcher in the *Grupo de Modelización y Diseño Molecular*, Universidad de Granada, Granada, Spain, 1999
- Visiting Professor in the Universidad Nacional Mayor de San Andrés, La Paz, Bolivia, 1999.
- Visiting Professor in the Facultad de Ciencias, Universidad Industrial de Santander, Bucaramanga, Colombia, 2000
- Visiting professor in the *Lehrstuhl für Organische Chemie 2*, Ruhr-Universität Bochum, Bochum, Germany, 2000
- Invited Professor in the *Institut für Anorganische Chemie*, Universität Münster, Münster, Germany, 2000.
- Invited Professor in the *Institut für Organische Chemie*, Universität Bremen, Bremen, Germany, 2000.

- Visiting researcher in the Davy – Faraday Laboratory, *The Royal Institution of Great Britain*, London, UK, 2000.
- Invited professor in the Dep. of Chemistry, University of York, York, UK, 2000.
- Invited member to the jury for a doctorate thesis dissertation of Dr. Edgar Daza, in the Universidad Nacional de Colombia, Bogota, Dep. of Chemistry, Colombia, 2000.
- Visiting professor, Facultad de Ingeniería, Universidad Nacional de Colombia, Manizales, Colombia, 2001
- Coordinator of the “Seminar on Modelling of Molecules and Biomolecules: State of the Art and Perspectives”, Fundación Ramón Areces, Madrid, 2001.
- Coordinator of the Project Liebig – Reynoso for improving chemical education in Cuba, Havana, 2001.
- Visiting professor in the *Institut für Organische Chemie*, Universität Bremen, Bremen, Germany, 2002.
- Invited delegation on bioinformatics by the BMBF (Federal Ministry for Education and Research), Federal Republic of Germany, Germany, 2002.
- Invited member to the jury for a doctorate thesis dissertation of Dr. Martha Daza, in the Universidad Nacional de Colombia, Bogota, Dep. of Chemistry, Colombia, 2002.
- Visiting researcher in the Davy – Faraday Laboratory, *The Royal Institution of Great Britain*, London, UK, 2003.
- Visiting professor in the *Institut für Organische Chemie*, Universität Bremen, Bremen, Germany, 2003.
- Visiting professor in the *Instituto de Química Computacional*, Universidad de Girona, Girona, Spain, 2003.
- Visiting professor in the *Departamento de Química Física Aplicada*, Universidad Autónoma de Madrid, Madrid, Spain, 2003.
- Invited professor in the *Facultad de Química*, Universidad de Cadiz, Cadiz, Spain, 2003.
- Invited professor in the *Estación Experimental del Zaidín*, Consejo Superior de Investigaciones Científicas, Granada, Spain, 2003.
- Invited professor in the *Instituto de Estructura de la Materia*, Consejo Superior de Investigaciones Científicas, Madrid, Spain, 2003.
- Invited professor in the Wolfson Institute of the University College of London, London, UK, 2003.
- Invited professor in the Faculty of Sciences, Université Henri Poincaré, Nancy, France, 2003.
- Visiting professor in the *Institut für Organische Chemie*, Universität Bremen, Bremen, Germany, 2004.
- Visiting professor in the *Department of Chemistry*, University of Oxford, Oxford, UK, 2004.
- Visiting Professor in the Universidad Nacional de Colombia in Bogota, Bogota, Colombia, 2004.
- Visiting Professor in the Dep. of Applied Physical Chemistry, Universidad Autónoma de Madrid, Madrid, Spain, 2005.
- Visiting Professor in the Facultad de Química, Universidad Autónoma de Chihuahua, Chihuahua, México, 2005.
- Visiting professor in the *Institut für Organische Chemie*, Universität Bremen, Bremen, Germany, Feb. 2006.
- Visiting researcher in the Davy – Faraday Laboratory, *The Royal Institution of Great Britain*, London, UK, 2006.
- Visiting Professor in the Dep. of Applied Physical Chemistry, Universidad Autónoma de Madrid, Madrid, Spain, 2006.
- Visiting Professor in the Universidad Autónoma de Ciudad Juárez, Ciudad Juárez, México, 2006.
- Visiting Professor in the Facultad de Química, Universidad Autónoma de Chihuahua, Chihuahua, México, 2006.
- Invited member to the jury for a doctorate thesis dissertation of Dr. Elsa Sánchez García, in the Ruhr-Universität Bochum, Fakultät für Chemie, Bochum, Germany, 2006.
- Visiting professor in the *Institut für Organische Chemie*, Universität Bremen, Bremen, Germany, Sept., 2006.
- Visiting professor in the *Laboratory of Ultrafast Spectroscopy, Institute of Chemical Sciences and Engineering (ISIC), EPFL*, Lausanne, Switzerland, March, 2007.
- Visiting professor in the Lehrstuhl für Organische Chemie 2, Ruhr-Universität Bochum, Bochum, Alemania, April, 2007
- Visiting professor in the *Institut für Organische Chemie*, Universität Bremen, Bremen, Alemania, April, 2007.
- Visiting professor in the Dep. de Química Física Aplicada, Universidad Autónoma de Madrid, Madrid, España, May, 2007.
- Member of the editorial board of *Journal of Cuban Studies*, London, UK, 2007-
- Visiting professor in the Dep. de Química Física Aplicada, Universidad Autónoma de Madrid, Madrid, España, March - June, 2008.
- Visiting Professor in the Universidad Nacional de Colombia in Bogota, Medellín, Colombia, 2008.
- Visiting professor in the Lehrstuhl für Organische Chemie 2, Ruhr-Universität Bochum, Bochum, Alemania, April, 2009
- Visiting professor in the Dep. de Química Física Aplicada, Universidad Autónoma de Madrid, Madrid, España, May,

2009.

- Visiting professor, Departamento de Física, Universidad de Chile, Santiago, March - April, 2010
- Visiting professor in the Lehrstuhl für Organische Chemie 2, Ruhr-Universität Bochum, Bochum, Alemania, April, 2010
- Visiting professor in the Dep. de Química Física Aplicada, Universidad Autónoma de Madrid, Madrid, España, May, 2010.
- Visiting professor in the Institut für Chemische Technologien und Analytik, Technische Universität Wien, Viena, Austria, February, 2011.
- Visiting professor in the *Laboratory of Computational Chemistry and Biochemistry, Institute of Chemical Sciences and Engineering (ISIC), EPFL*, Lausanne, Suiza, February, 2011.
- Visiting professor in the Dep. de Química Física Aplicada, Universidad Autónoma de Madrid, Madrid, España, March, 2011.
- Visiting professor in the University of Venda, Thohoyandou, Republic of Southafrica, September, 2011
- Visiting professor in the Dep. de Química Física Aplicada, Universidad Autónoma de Madrid, Madrid, España, May, 2012.
- Visiting professor in the *College of Chemistry and Molecular Engineering, Peking University*, June 2012.
- Visiting professor in the Institut für Chemische Technologien und Analytik, Technische Universität Wien, Viena, Austria, June, 2012.
- Santander Visiting Scholar in the David Rockefeller Center for Latin American Studies, Harvard University, Cambridge, Massachusetts, USA, 2012.
- Visiting professor in the Dep. de Química Física Aplicada, Universidad Autónoma de Madrid, Madrid, España, March, 2013.
- Invited Professor, Dep. of Chemistry of the University College of London, London, UK, 2013
- Invited Professor, Dep. of Biology, Fluminense Federal University, Niteroi, Brasil, 2013
- Visiting professor, Dep. of Chemistry and Chemical Biology, Harvard University, Cambridge, Massachusetts, USA, 2014
- Invited professor, Donostia International Physics Center, Donostia, Basque Country, Spain, 2014
- Invited Professor, Department of Chemistry, University of Coimbra, Coimbra, Portugal, 2015
- Member of the Royal Society of Chemistry, London, UK, 2016-
- National Representative of the IUPAC Physical and Biophysical Division, IUPAC, 2016-2017
- Visiting Professor, Department of Chemistry, Johns Hopkins University, Baltimore, USA, 2016.

Graduate Courses:

1. *Applications of computers to chemistry*, Centro Nacional de Investigaciones Científicas, La Habana, Cuba, 1974.
2. *Introduction to Computing Methods*, Universidad de La Habana, La Habana, Cuba, 1987, 1988, 1990.
3. *Molecular modeling*, Universidad de La Habana, La Habana, Cuba, 1992.
4. *Molecular modeling in personal computers*, Universitat de Girona, Girona, España, 1993.
5. *Molecular modeling in personal computers*, Universidad de Cádiz, Cádiz, España, 1993.
6. *Molecular modeling in personal computers*, Universitat de les Illes Balears, Palma de Mallorca, España, 1993.
7. *Molecular modeling in personal computers*, Universidad de Granada, Andalucía, España, 1993.
8. *Molecular modeling in personal computers*, Universidad Autónoma Metropolitana (Iztapalapa), México, D.F., 1993.
9. *Molecular modeling in personal computers*, Universidad de La Habana, La Habana, 1994.
10. *Molecular modeling in personal computers*, Universidad Nacional de Colombia, Santafe de Bogota, 1994.
11. *Advanced operating systems for PC's: Windows and Unix*, Universidad de La Habana, Facultad de Química, La Habana, yearly since 1994.
12. *Introduction to computational chemistry*, Universidad Nacional de Colombia, Medellín, 1997.
13. *Introduction to computational chemistry*, Facultad de Química, Universidad de La Habana, La Habana, 1998.
14. *Introduction to computational chemistry*, Instituto de Química, Universidad Mayor de San Andrés, La Paz, Bolivia, 2000.
15. *Introduction to computational chemistry*, Escuela de Química, Universidad Industrial de Santander, Bucaramanga, Colombia, 2000.
16. *Introduction to Linux operating system*, Escuela de Química, Universidad Industrial de Santander, Bucaramanga, Colombia, 2000.
17. *Introduction to Linux operating system*, Escuela de Matemática, Universidad Industrial de Santander, Bucaramanga, Colombia, 2000.
18. *Introduction to Linux operating system*, Escuela de Química, Universidad Nacional de Colombia, Medellín, Colombia, 2000.
19. *Molecular interactions*, Sonderforschungsbereich für supramolekulare Chemie, Universität Essen and Ruhr - Universität Bochum, Essen - Bochum, 2000
20. *Introduction to computational chemistry*, Facultad de Ingeniería, Universidad Nacional de Colombia, Manizales, Colombia, 2001.
21. *Introduction to computational chemistry*, Faculty of Sciences, Université Henri Poincaré, Nancy, France, 2003.
22. *Introduction to computational chemistry*, Faculty of Chemical Sciences, Universidad Autónoma de Chihuahua, Chihuahua, México, 2005.
23. *Introduction to computational chemistry*, Universidad Autónoma de Ciudad Juárez, Ciudad Juárez, México, 2006.
24. *Introduction to molecular modelling*, Universidad de La Habana, La Habana, 2006.
25. *Practical introduction to management of scientific literature: Endnote*, Centro de Investigaciones de Materiales Avanzados, Chihuahua, México, 2007.
26. *Molecular interactions and computational chemistry*, Faculty of Chemical Sciences, Universidad Autónoma de Chihuahua, Chihuahua, México, 2007

27. *Multiple Minima Hypersurfaces*, Universidad Nacional de Colombia, Medellín, 2008.
28. *Introduction to molecular modelling*, University of Venda, Thohoyandou, Republic of South Africa, 2011.
29. *Chem 253 - Modeling Matter at Nanoscales: An Introduction to Theoretical and Computational Approaches* (Fall 2012), Harvard University, Dep. of Chemistry and Biological Chemistry, Harvard University, Cambridge, Massachusetts, USA, 2012.
30. *Modeling Matter at Nanoscales: An Introduction to Theoretical and Computational Approaches*, Dep. of Biology, Fluminense Federal University, Niteroi, Brasil, 2013.
31. *Computational chemistry*, Faculty of Chemical Sciences, Universidad Autónoma de Chihuahua, Chihuahua, México, 2014
32. *Computational Chemistry*, Faculty of Bioinformatics, Universidad de Talca, Talca, Chile, 2015
33. *AS 030.407 - Modeling Matter at Nanoscales: An Introduction to Theoretical and Computational Approaches* (Fall 2016), Dep. of Chemistry, Johns Hopkins University, Baltimore, Maryland, USA, 2016.

Documented Software:

1. Montero, L.A. Alvarez, J.R., Del Bosque, J.R., **COPEANE**: *Cartesian Coordinates and Non Bonded Potentials*. Documented computer program for i-8086/8 processors under MS-DOS, Universidad de La Habana, 1986
2. Montero, L.A., **PPP**: *Molecular Orbitals and Excited States of Conjugated Molecules by the PPP Method*. Documented computer program for i-8086/8 processors under MS-DOS, Universidad de La Habana, 1986
3. Montero, L.A., Alvarez, J.R., Cano, R., González, M.C., **PCILO**: *Ground State Molecular Energy by Perturbative Configuration Interaction of Localized Orbitals*. Documented computer program for i-8086/8 processors under MS-DOS, Universidad de La Habana, 1986
4. Montero, L.A., Leonard, V., **MOLGRA**: *Molecular Graphics*. Documented computer program for i-8086/8 processors under MS-DOS, Universidad de La Habana, 1989
5. Montero, L.A., Alvarez, J.R., **MNDO**: *Molecular Orbitals and Optimized Geometries by the MNDO Method*. Documented computer program for i-8086/8 processors under MS-DOS, Universidad de La Habana, 1989
6. Montero, L.A., **NDOL**: *Molecular Orbitals and Excited States by SCF-NDO Methods*. Documented computer program for i-8086/8 processors under MS-DOS, Universidad de La Habana, 1989.
7. Montero, L.A., **ENHANCED MICROMOL**: *Molecular Orbitals, Optimized Geometries and Force Fields by ab initio SCF Methods*. Documented computer program for i-8086/8 processors under MS-DOS, Universidad de La Habana, 1989
8. Montero, L.A., **ICON**: *Molecular Orbitals by the Extended Hückel Theory*. Documented computer program for i-8086/8 processors under MS-DOS, Universidad de La Habana, 1989
9. Montero, L.A., **GEOMOL**: *Teaching to build Molecular Geometry Models*, Documented practical work and computer program for teaching how to build a molecular geometry model for i-8086/8 processors under MS-DOS, Universidad de La Habana, 1990.
10. Montero, L.A., Alvarez, J.R., **HAVPAC**: *Molecular Orbitals and Optimized Geometries by the MNDO, AM1 and PM3 Methods*. Documented computer program for i-8086/8 processors under MS-DOS, Universidad de La Habana, 1991.
11. Montero, L.A., **HAVMOL**: *Calculations of Molecular Structure and Properties by a Quantum Mechanical Approach, According to the ab initio SCF MO Theory of Roothaan*. Documented computer program for i-8086/386 processors under MS-DOS and MS-WINDOWS, Universidad de La Habana (Havana) and Consejo Superior de Investigaciones Científicas (Madrid), 1993.
12. Montero, L.A., Guevara, N., Mora, N., **NDOL32**: *Molecular Orbitals and Excited States by SCF-NDO Methods*. Version 3 for i386-Pentium processors, with enhanced input and output facilities and allowing up to 200 atoms, Technische Universität Dresden, Dresden, 1995 (Windows 95 and NT) and Universidad de La Habana, 1996 (Linux).
13. Montero, L.A., **MOPAC v.6**: *Semiempirical calculations of molecular properties by MNDO methods. Full implementation for i-386 and 486 computers of MOPAC v. 6*, Universidad de La Habana (Havana), 1994. Release 1.03, for Windows 95 and NT, and up to 200 atoms, 1997. Linux release, 1999.
14. Montero, L.A., **MOPAC v.7**: *Semiempirical calculations of molecular properties by MNDO methods. Full implementation for i-386, 486 and Pentium computers under Linux of MOPAC v. 7*, Universidad de La Habana (Havana), 1995.
15. Montero, L.A., Cruz, R., **MMH**: *Package of programs for processing data corresponding to multiple minima*

hypersurfaces of molecular clusters, for MS-DOS, Universidad de La Habana e Instituto Superior de Ciencias y Tecnología Nuclear (Havana), 1997 and 2000. Documented in <http://karin.fq.uh.cu/mmh/>.

16. Montero, L.A., **NDOL2000**: *Molecular Orbitals and Excited States by SCF-NDO Methods*. Version 3.1 for i386-Pentium processors, with enhanced input and output facilities and allowing more than 200 atoms, Universidad de La Habana, 2000 (Windows systems).
17. Montero, L.A., **NDOL2004**: *Molecular Orbitals and Excited States by SCF-NDO Methods*. Version 3.95 for i386-Pentium processors, with enhanced input and output facilities and allowing more than 300 atoms and 800 basis orbitals, Universidad de La Habana, 2004 (Windows systems).
18. Montero, L.A., **MOPAC6J**: *Semiempirical calculations of molecular properties by MNDO methods. Full implementation for i-386 and 486 computers of MOPAC v. 6 including the new Jorgensen Hamiltonians and MMH facilities*, Universidad de La Habana (Havana), 2004. for Windows and Linux.
19. Montero, L.A., **NDOL2007**: *Molecular Orbitals and Excited States by SCF-NDO Methods*. Version 5 for i386-Pentium processors, with enhanced input and output facilities and allowing more than 300 atoms and 800 basis orbitals, Universidad de La Habana, 2007 (Windows systems).
20. Montero, L.A., **NDOL2008**: *Molecular Orbitals and Excited States by SCF-NDO Methods*. Version 6 for i386-Pentium processors, with enhanced input and output facilities and allowing more than 400 atoms and 800 basis orbitals, and full single configuration interactions. Universidad de La Habana and Universidad Autónoma de Madrid, 2008 (Windows and Linux systems).
21. Montero, L.A., **NDOL2009**: *Molecular Orbitals and Excited States by SCF-NDO Methods*. Version 6.6 for i386-Pentium processors, with enhanced input and output facilities and dynamic memory allocation to allowing very large systems depending on computer availability. Universidad de La Habana and Universidad Autónoma de Madrid, 2009 (Linux systems).
22. Montero, L.A., **NDOL2010**: *Molecular Orbitals and Excited States by SCF-NDO Methods*. Version 6.7 for i386-Pentium processors, with enhanced SCF convergence criteria and facilities for batch calculations on different structures of the same system. Universidad de La Habana and Universidad Autónoma de Madrid, 2010 (for both Windows and Linux systems). Copyrighted in Havana.
23. Montero, L.A., **NDOL2015**: *Molecular Orbitals and Excited States by SCF-NDO Methods*. Version 7.0.3 with more rich SCF convergence menu and facilities to map electron densities corresponding to different excited states. Universidad de La Habana, 2015 (for both Windows and Linux systems). Copyrighted in Havana.

Participation in funded projects for research:

Title: Física teórica de moléculas

Funding entity: Consejo Superior de Investigaciones Científicas, Madrid, España

Lasting time: 1987 to 1990

Main researchers: Luis A. Montero and Yves G. Smeyers (Consejo Superior de Investigaciones Científicas, Madrid, España)

Title: Theoretical Chemistry in Personal Computers: Creation and Education.

Funding entity: Swedish Agency for Research Cooperation with Developing Countries (SAREC), Stockholm, Sweden.

Lasting time: 1991 to 1994

Main researchers: Sten Lunnell (Uppsala University, Sweden) and Luis A. Montero

Title: Theoretical Chemistry

Funding entity: Deutsche Akademischer Austauschdienst (DAAD), Bonn, Germany.

Lasting time: 1996 to 1997

Main researcher: Luis A. Montero

Title: Diseño y Modelación de Procesos Moleculares de Interés Biológico y Ambiental.

Funding entity: Ministerio de Ciencias, Tecnología y Medio Ambiente, La Habana, Cuba.

Lasting time: 1995 to 1998

Main researcher: Luis A. Montero

Title: Partnership for the use of personal computers and clusters of PC's in computational chemistry

Funding entity: Deutsche Akademischer Austauschdienst (DAAD), Bonn, Germany.

Lasting time: 2002 to 2005

Main researchers: Luis A. Montero and Wolf-Dieter Stohrer (University of Bremen, Germany)

Title: Synthesis, immobilisation and electrochemical characterization of metalloporphyrinoids for catalysis, as sensors and for light induced electron transfer

Funding entity: Deutsche Forschungsgemeinschaft

Lasting time: 2006 to 2008

Main researchers: Franz-Peter Montforts (University of Bremen, Germany) and Luis A. Montero

Title: Conformations and associations of carbohydrates – computation and experiment

Funding entity: The Royal Society of Great Britain

Lasting time: 2007 to 2008

Main researchers: Lavina Snoek (University of Oxford, UK) and Luis A. Montero

Title: Virtual Center of Bioinformatics, Scientific Education and Creation

Funding entity: Spanish Agency of International Cooperation for Development

Lasting time: 2009 to 2012

Main researchers: José M. García de la Vega (Spain) and Luis A. Montero

Title: Estados electrónicos de grafenos, nanotubos de carbono, fullerenos y nanocristales con posibles dopantes

Funding entity: Universidad Autónoma de Madrid and Banco Santander

Lasting time: 2009 to 2010

Main researchers: José M. García de la Vega (Spain) and Luis A. Montero

Title: Avaliação dos produtos naturais bioativos de organismos marinhos com potencial uso no tratamento de doenças infecciosas

Funding entities: CAPES and MES-CUBA

Lasting time: 2013 - 2015

Main researchers: Valeria Laneuville Teixeira (Brasil) and Luis A. Montero

Long stays in foreign intitutions (longer than 4 weeks):

1. Sektion Chemie. Technische Universität Dresden, Dresden, Germany, 1980, 4 months, Theoretical chemistry. Doctorate degree.
2. Dirección de Investigaciones. Consejo Nacional de la Educación Superior, Managua, Nicaragua, 1982, 2 months, Science policy. Invited advisor.
3. Sektion Chemie. Technische Universität Dresden, Dresden, Germany, 1986, 2 months, Theoretical chemistry. Postdoctoral fellowship.
4. Institut of Quantum Chemistry. Uppsala University, Uppsala, Sweden, 1991, 1 month, Theoretical chemistry. Academic exchange.
5. Instituto de Estructura de la Materia. Consejo Superior de Investigaciones Científicas (CSIC), Madrid, Spain, 1992-93, 1 year, Theoretical chemistry. Sabbatical.
6. Institut für Organische Chemie. Technische Universität Dresden, Dresden, Germany, 1995, 3 months, Theoretical chemistry. Postdoctoral fellowship.
7. Grupo de Modelización Molecular, Instituto de Biotecnología. Universidad de Granada, Granada, Spain, 1996, 1 month, Theoretical chemistry. Invited professorship.
