### Item specifics

Condition: New: A brand-new, unused, unopened, undamaged item in its original packaging (where packaging is applicable) [Read more](#)

Brand: GK

Type: W15GR-10

MPN: Does not apply

Country/Region of Manufacture: China

UPC: 702029194011

## W15GR-10 Automatic Household Booster Pump

W15GR-10 220V, 90W Automatic Booster Pump			
Power:	90W	Current:	0.42A
Max Head:	10m	Rated Head:	8m
Max Flow:	20L/min	Rated Flow:	10L/min
Insulation:	B	Capacitance:	3uf
Temperature:	0-100°C	Volt/Freq:	220-240V 50/60Hz
Connection size on pump body: 3/4"			
Size of union and flow switch: 3/4" *1/2"			

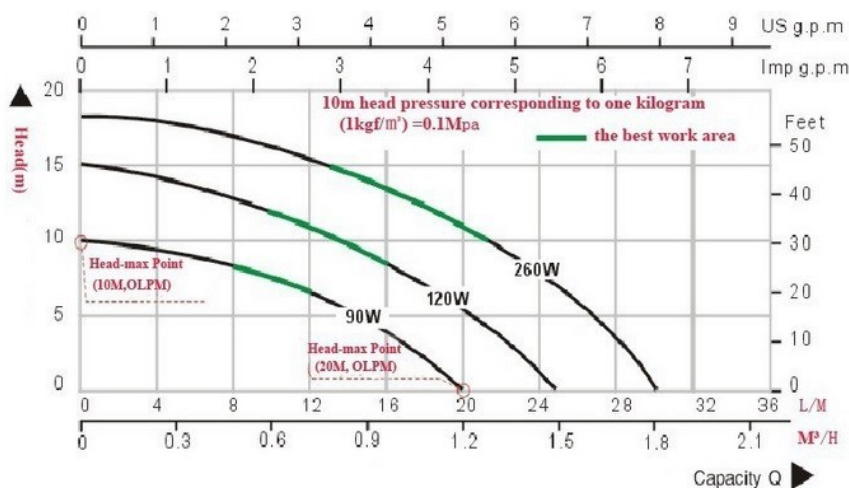

### Features

The automatic switch adopts electronics theory, controlled by water current. The pump boosts pressure automatically when the tap is on, and turned off when tap is off. It is used conveniently, and also saves power. Its copper pump body copper impeller and stainless steel shaft are corrosion-resistant, stainless. whole pump is sealed well and the conveyed water will be sanitary. Its total suction lift is high. Flow rate is large. It starts well, switches sensitively and automatically, produces low noise. It also is designed to be low temperature, small volume, delicate appearance and long-working time.

### Main use

This pump absolutely solves the lit fire properly of shower owing to the lower pressure and unreliable pressure. When the tap water is of low pressure, the can boost pressure. It can also boost pressure for solar water heaters, boost pressure and circulate water for industrial equipments, and increase oxygen rearing ponds and fish tanks. GR hot-water pumps boost pressure and circulate hot water for boilers besides above using. GZ best feature is that it can s water from one or two floor below directly. So it completely solves the problem that the higher floors do not have water while the lower floors have.
